

## Company Executives

### **Alastair Westgarth / CEO and President**

Westgarth is an industry veteran with over 16 years in the wireless and data communications industry. Previously, he was Senior Vice President and CTO at Airspan, Senior VP at Inner Wireless, EVP Engineering at First Broadcasting, CEO and President of Navini Networks, and VP of Product Line Management for Nortel. Mr. Westgarth also held leadership positions at Bell Mobility early in his career. He has been on the advisory boards of Spatial Wireless (acquired by Alcatel) and Genesis Campus, was on the board of directors for Valere Power, and was on the board of directors and advisors for Tango Networks before joining the company as COO in March, 2007. Mr. Westgarth has an Electrical Engineering degree from Queen's University in Kingston, Ontario, Canada.

### **Andrew Silver / Co-Founder and CTO**

Silver is an entrepreneur and business technologist with 15 years of experience in the telecommunications industry. He has held senior management and director roles within mobile communications companies such as Nortel, Ericsson, Comverse Technologies and startup Spatial Wireless, which was acquired by Alcatel. He has received multiple corporate awards, such as the Nortel CEO Top Talent and Patent awards, and is an accomplished speaker at leading wireless industry forums.

### **Charles Derrick / Vice President of Engineering**

Derrick has more than 20 years of telecommunications industry leadership experience and accomplishment. At Cyneta Networks, Derrick headed Engineering and Operations, creating and deploying wireless service quality management products into Europe and China. As vice president of engineering and operations at IPmobile (acquired by Cisco), he was instrumental in bringing the company's 2.5G/3G wireless router product to market. He also held technical leadership positions with Nortel, IBM, Hitachi, and NCR.

### **Al Leo / Vice President of Sales and Business Development**

Leo has more than 20 years of sales and sales management experience in direct wireless carrier infrastructure and large enterprise/government PBX distributor sales. At Spatial Wireless, he led sales of the Next Generation Network (NGN) softswitch solution to Tier 1 U.S. carriers. Previously, he spent 17 successful years of sales and sales management at Nortel.

### **Glen Schmid / Vice President of International Business Development**

Schmid, who has authored eight telecommunications patents, has more than 20 years of international experience, in sales, business development, marketing, product development, project management, and customer support. He has previously held leadership positions with companies such as Bridgeport Networks, Kineto Wireless, SS8 Networks, and Ericsson.

### **Aino Alber / Controller**

Alber has more than 25 years of financial leadership experience. She was previously controller at White Rock Networks, and before that, CFO at Coollogic. She has also held senior financial positions with Canmax Retail Systems, IRG Technologies, and Beazer Australia.
